### **A Treatise of Taxes & Contributions - Hargaden**

The Treatise of Taxes and Contributions is the earliest of Petty's economic writings. Since it mentions [1] Graunt's Observations, published in January, 1662, as "lately made," and inasmuch as Petty was in Ireland before the end of October [2] , the Treatise was probably composed in the early months of 1662.

William Petty was a political economist of the 1600's, who wrote his ideas on economy long before Adam Smith published his "Wealth of Nations." Though Petty's ideas are certainly not as developed as Smith's, or even developed in similar manner, there is some merit to Petty's works.
