Though aspect and the duration of an action are somehow related – in fact, to describe an event lasting only a short time the simple aspect is more frequently used – the simple aspect is not reserved for short actions nor is the progressive used exclusively to talk about events lasting for a (fairly) long time.

### Lezione - Time, tense, and aspect

Aspects of life expectancy, longevity, life extension strategies, population ageing, and death itself are all covered here. Eternity and Immortality are ideas that have fascinated mankind for millennia (forever, one might say). Eternity, and the related concept of immortality, however, turn out to be just as slippery as the concept of time itself. The precise meaning of eternity, and the possibility, practicality and ethics of everlasting life are all subjects discussed in this section.
