The 1904 critical edition (with 130 pages of introduction) by W. H. Stevenson, Asser's Life of King Alfred, together with the Annals of Saint Neots erroneously ascribed to Asser, still provides the standard Latin text: this was translated into English in 1905 by Albert S. Cook. An important recent translation, with thorough notes on the scholarly problems and issues, is Alfred the Great: Asser's Life of King Alfred and Other Contemporary Sources by Simon Keynes and Michael Lapidge.
