Astrology as a Revolutionary Science ROBERT HAND This paper should not be construed in any way as belittling the significance of any form of humanistic or spiritual uses of astrology.

### **Astrology as a Revolutionary Science**

If astrology is a science, as its proponents claim, why are its practitioners not converging on a consensus theory after thousands of years of gathering data

### **An Astronomer Looks at Astrology - « Astronomical Society**

Astrologers and believers may shout at the top of their voices calling astrology a science, but skeptics think otherwise, and they have plenty of reasons to do so. That this so-called science is doing more harm than good to the beautiful world of planets, stars, and other celestial bodies out there, is good enough reason to put it under the scanner.
