falling relative incomes.² Advances in technology are the only source of permanent increases in productivity (Basu, Fernald, and Shapiro, 2001). In contrast, economic studies have shown that technologically stagnant sectors experience slow productivity growth and, therefore, above average cost and price increases.

business plan to explain and assess the quality of the project. The topic has been researched extensively. Over time, e.g. from McMillan, Siegel & Narasimha (1985) to Kirsh, Goldfarb & Gera (2009), the overall conclusions suggest that business planning cannot be overlooked, especially when entrepreneurs are looking for finance from external sources.
