

human capacities and moral pdf

Posthuman or post-human is a concept originating in the fields of science fiction, futurology, contemporary art, and philosophy that literally means a person or entity that exists in a state beyond being human. The concept addresses questions of ethics and justice, language and trans-species communication, social systems, and the intellectual aspirations of interdisciplinarity.

Human nature is a bundle of fundamental characteristics "including ways of thinking, feeling, and acting" which humans tend to have naturally.. The questions of whether truly fixed characteristics exist, what these natural characteristics are, and what causes them, are among the oldest and most important questions in philosophy and science. The science that examines human nature is known as ...
