A curved mirror is a mirror with a curved reflecting surface. The surface may be either convex (bulging outwards) or concave (bulging inwards). Most curved mirrors have surfaces that are shaped like part of a sphere, but other shapes are sometimes used in optical devices. The most common non-spherical type are parabolic reflectors, found in optical devices such as reflecting telescopes that ...

Abstract: Over recent decades, central banks have made enormous strides in enhancing transparency around many elements of the formulation and conduct of monetary policy. Still, even for an audience of seasoned policy experts, providing clarity about aspects of monetary policy strategy is a daunting task and all the more so when the audience extends to the public at large.

Body image is a person's perception of the aesthetics or sexual attractiveness of their own body. It involves how a person sees themselves according to the standards that have been set by society. The Austrian neurologist and psychoanalyst Paul Schilder coined the phrase body-image in his book *The Image and Appearance of the Human Body* (1935). Human society has at all times placed great value ...
