

ireland the great war pdf

The United Kingdom of Great Britain and Ireland was established by the Acts of Union 1800, which merged the kingdoms of Great Britain and Ireland.. The United Kingdom having financed the European coalition that defeated France during the Napoleonic Wars, developed a large Royal Navy that led the British Empire to become the foremost world power for the next century.

United Kingdom of Great Britain and Ireland - Wikipedia

During the last glacial period, and up until about 10,000 BC, most of Ireland was periodically covered in ice. Sea levels were lower and Ireland, like Great Britain, formed part of continental Europe. By 16,000 BC, rising sea levels due to ice melting caused Ireland to become separated from Great Britain. Later, around 6000 BC, Great Britain itself became separated from continental Europe.
