Foldify Zoo takes the classic Foldify experience to the next level! Have fun whilst learning about your favourite animals! The fun isn't limited just to device either – print your animal figures from the app then assembly is easy, just cut it out and fold it up!

Foldify

Use. Minifigure heads are cylindrical, and attach to a long, narrow cylinder molded onto the top of the torso, which allows the head to rotate. This feature also allows items to be attached to the figures over the torso, such as air tanks, capes or breastplates. The heads have a stud on top which is the same size as studs on standard Lego bricks which could allow one to be placed on it.

I drew these figures in a grid so I can clearly point out where the stick figures are balanced and where they are not. As you can see here in Figure 1a, all the main parts of the figure are evenly spaced.

Stick figures, with style! Basic design The Drawing Website

I thought these things were awesome. Perfect for the kids to play with around the x-mas tree when the train is scooting around. The figures are small but very detailed.

Amazon.com: Lionel Polar Express Add On Figures: Toys & Games

A neat smartboard with a few nice examples, plus a worksheet with answers. Also some harder examples at the end. Works well with both key stages 3 and 4. I usually do this with a domino activity too, but I can't

upload it on here....
