Poetry (the term derives from a variant of the Greek term, poiesis, "making") is a form of literature that uses aesthetic and rhythmic qualities of language such as phonaesthetics, sound symbolism, and metre to evoke meanings in addition to, or in place of, the prosaic ostensible meaning.. Poetry has a very long history, dating back to prehistorical times with the creation of hunting ...

### Poetry - Wikipedia

Phonics  
Phonics is a method of teaching reading and writing that focuses on the sounds of words. It involves breaking words down into their constituent sounds (phonemes) and teaching children how to recognize and produce these sounds. This method is particularly effective for children with reading difficulties and those who are learning to read for the first time. It often uses visual aids like letter cards and sound boxes to help children understand the relationship between letters and sounds.
