In Britain, the age of new imperialism marked a time for significant economic changes. Because the country was the first to industrialize, Britain was technologically ahead of many other countries throughout the majority of the nineteenth century. By the end of the nineteenth century, however, other countries such as Germany, the United States, Russia, and Italy soon matched Britain in ...

1 Introduction. sed is a stream editor. A stream editor is used to perform basic text transformations on an input stream (a file or input from a pipeline). While in some ways similar to an editor which permits scripted edits (such as ed), sed works by making only one pass over the input(s), and is consequently more efficient. But it is sed's ability to filter text in a pipeline which ...
