An infant (from the Latin word infans, meaning "unable to speak" or "speechless") is the more formal or specialised synonym for "baby", the very young offspring of a human. The term may also be used to refer to juveniles of other organisms. A newborn is, in colloquial use, an infant who is only hours, days, or up to one month old. In medical contexts, newborn or neonate (from Latin, neonatus ...

I am glad I got a chance to read your material, it may have changed my life. I just wanted to say that the I create reality Reality program is truly worth the small amount of money it costs...I have tried other programs in the past, and was greatly disappointed.. One fantastic difference is the Holocreation sheet, it actually gives you a step by step way to create your own holograms, and to ...
