Zeina is a book about the roles or lack of them that men and women are forced to play. The primary focus is on the treatment of women. At first glance the novel appears to be a story about Bodour and her illegitimate daughter Zeina, the novel is more a story of alternating viewpoints, mostly those of various women, but every so often a view of a man creeps in.

Zeina had twin boys in October 2013. She claimed that their father is the actor Ahmed Ezz after a customary marriage. Ezz denied such allegations so she asked for a DNA test to verify her claims. In 2015, Cairo family court ruled in favour of Zeina to register the boys with Ezz being the biological father after he refused to do the test.
